

Healing Circles, Inc.

Prosperity Circle Values and Vision

- 1) What was your earliest or most important message (verbal or non-verbal) from your family about money?
- 2) How does that message influence your money attitudes and behavior today?
- 3) What attitudes or behaviors have allowed you to achieve some degree of success in opening yourself up to prosperity? How are you able to calm “The Bag Lady” when she rolls up next to you?
- 4) What is one fear that you would have to release to invite more prosperity into your life?
- 5) What is one action that you are willing to take within the next week to invite prosperity into your life?
- 6) What are two things that members of the Prosperity Circle can offer you to support you in taking the next step into prosperity?
